Senior Housing Report
Riverside Place**

Summary (Maintenance):

Roof: The roof is fully completed!

Camera Security Project: The Riverside Place security camera system is obsolete. Following City of Midland purchasing procedures, a contractor has been selected. The wiring and cameras have been installed but we are now awaiting the parts needed for completion in order to be able to view the cameras online. FYI: In the past, residents could view guests in the vestibule on their TV. This is no longer a feature we can offer in Senior Housing. Spectrum will no longer sign permission to use one of their channels and the current technology wouldn't work with TV's. Residents can hear the person calling them in the vestibule before letting them in from their apartment. We've trained residents to use code words with visitors if they are unsure or to walk to the lobby and view the visitor in person before letting them in.

Our studios have become more popular! We took the meal requirement away and that has helped make them much more attractive to prospects. Our maintenance team has worked very hard at renovating the studios by reconfiguring the lower cabinets to add a full stove/oven for use. These have been a great option for those with very limited incomes as well as for those who are snowbirds.

- Saginaw Valley State University first-year nursing students resumed on-site clinical rotations! We were happy to have them back in the month of September and look forward to another group in January. The students are working on their basic skills such as blood pressure taking and getting comfortable with the geriatric population.
- Quarterly meeting with tag-team volunteer group to discuss and review process
- COVID: Residents and staff have managed to keep RP COVID numbers at a very minimum level to date. We had one case in September, zero in October and three in November. All are resolved and no further positive cases have occurred that we know of at the time this report was generated.

Activity Coordinator Report, by Kim Samborn:

We are currently searching for a new Activities Coordinator. The job is currently posted and we are hoping to attract a handful of interested candidates. Kristine Burleson, applied for the Office Assistant job at Washington Woods and was selected for the position! She is still in the Senior Housing family and has been a very welcome addition to the Washington Woods family! Kristine is helping the team at Riverside Place with activities while learning her new job and has helped to keep us afloat!

November Activities included:

- The Golden Guild
- Veteran's Day Program
- Sweet Friends and Music
- Joan and Friends
- Music with Maddy
- Grange BINGO
- On-going: Shuffle Board, Corn Hole, Riverside Writers, Pinochle, Card Games, Crafts with Judy (a resident), variety of church services, Moving with Michel, Busy Hands, Sit Down and Tone Up

OCTOBER	2	2	13	0	98%
NOVEMBER	1	2	2	0	98%
Total	8	9	26	0	

Occupancy: Jonda Zelek

As the chart above shows, our occupancy has stayed at 98%. November was our slowest touring month because we had 14 days of COVID in the building and were not conducting tours during that time. Currently we have 5 apartments waiting to be turned. All 5 apartments are spoken for!

Buildings and Grounds: Amy Ostyn

The CDBG East Side Chiller project is in full swing. We have had no major complications with this project. The Chiller delivery date has been pushed back to December 2nd. Everything is going as scheduled.

Our CDBG project for the kitchen range and steam table is ready to go out to bid.

We are still working on our CDBG East side apartment lock project. They project is going to cost more than anticipated so we are looking at different funding opportunities.

Maintenance staffing is improving. We have recently hired 1 full and 1 part time employee.

Health & Wellness: Nurse Jamie Keskey

Our nurses at Washington Woods had a busy quarter.

Labs – 41

Clinic Visits – 636

Apt. Visits – 300

Nurse delivered lunches – 114

Assessments – 8

Orientations – 8

Family Meetings – 1

In September we had our annual flu clinic.

In November we experienced a COVID outbreak. We had 33 positive cases in the building within a 14 day period. For over a week, our dining room was shut down and all activities were cancelled.

Employees, residents and visitors were masked up.

On the 21st we were able to open everything back up and the residents were able to enjoy Thanksgiving dinner together in the dining room!

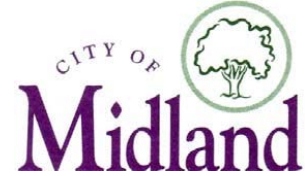

Activities: Amy Ostyn

The Washington Woods activity calendar is full of activities and opportunities for our residents to get together for lots of fun!

Our residents enjoyed 4 live music sessions, weekend tie-dye classes and movie nights. Some of the highlights from the last quarter were our annual Halloween party with ghoulish treats and a Veterans Day party with live music.

Julie Moe, our activity director, did a great job keeping the residents busy during our COVID shut down. Residents played bingo via the building intercom and it was a big hit! Julie also provided carts by the office full of puzzle books, reading books and crafts that residents could do while in their apartments. In December, we are looking forward to our Christmas open house and Men of Music performance.

Memo

To: Midland City Housing Commission
From: Jacob Kain, AICP
Director of Planning & Community Development
Date: December 5, 2022
Re: Goal Setting

At its September 12, 2022 regular meeting, the Housing Commission requested that a discussion on the purpose of the Housing Commission and goals for 2023 and beyond be included on the December regular meeting agenda. Subsequently, staff has met with Chair Mortensen to refine the scope of this goal setting discussion.

We anticipate that this discussion will enable staff to bring a charter and action plan for 2023 to the Housing Commission at your March meeting for consideration.

BACKGROUND

The Midland City Housing Commission was created in 1975 as provided for under Public Act 18 of 1933 (Housing Facilities). Under PA 18, commissions such as the Midland City Housing Commission *may purchase, acquire, construct, maintain, operate, improve, extend or repair housing facilities and eliminate housing conditions which are detrimental to the public peace, health, safety, morals or welfare.*

Chapter 2 of the Code of Ordinances further articulates the powers and duties of the Housing Commission as follows:

- a) To determine in what areas of the city it is necessary to provide proper sanitary housing facilities for families of low income and for the elimination of housing conditions which are detrimental to the public peace, health, safety, morals or welfare.
- b) To purchase, lease, sell, exchange, transfer, assign and mortgage any property, real or personal, or any interest therein, or acquire the same by gift, bequest or under the power of eminent domain; to own, hold, clear and improve property; to engage in or to contract for the design and construction, reconstruction, alteration, improvement, extension or repair of any housing project or part thereof; to lease or operate any housing project.
- c) To control and supervise all parks and playgrounds forming a part of such housing development, but may contract with existing departments of the city for operation or maintenance of either or both.
- d) To establish and revise rents of any housing project, but shall rent all property for such sums as will make them self-supporting, include all charges for maintenance and operation, for principal and interest on loans and bonds and for taxes.
- e) To rent only to such tenants as are unable to pay for more expensive housing accommodations.
- f) To call upon other departments for assistance in performance of its duties, but such departments shall be reimbursed for any added expense incurred therefor.
- g) It shall have such other powers relating to such housing facilities project as may be prescribed by ordinance or resolution of the city council or as may be necessary to carry out the purposes of this article.

PA 18 and Chapter 2, Article VI of the City Code are attached in their entirety.

DISCUSSION PREPARATION

As you prepare for the goal setting discussion, I recommend you consider the following questions:

1. How would you define the current purpose and core responsibilities of the Housing Commission?
2. What unique capabilities or assets does the Housing Commission have that could be leveraged to bring about positive change in the community?
3. What limitations exist that the Housing Commission must be mindful of when planning for its future?
4. What would an ideal Midland look like in terms of housing?

Staff looks forward to a thoughtful and productive conversation with the Housing Commission.

Respectfully Submitted,

All bonds and notes issued under this act, the interest on the bonds and notes, and their transfer are exempt from all taxation by this state or any political subdivisions of this state.

(5) The principal of and interest upon the bonds shall be payable, except as provided in this act, solely from the revenue derived from the operation of the housing project or combined projects, for the purchase, acquisition, construction, improvement, enlargement, extension, or repair of which the bonds are issued, and from contributions received for or in aid of the project or combined projects, from whatever source derived. The contributions may be pledged to the payment of any or all bonds issued in connection with the project or combined projects, as the borrower may provide. Bonds issued pursuant to this act shall not constitute an indebtedness of a borrower within the meaning of state constitutional provisions or statutory limitations. There shall be plainly stated on the face of each bond substantially as follows:

Sec. 43. The necessity for the immediate effective date of this act lies in the fact that, whereas there is a demand in congested sections of Michigan for housing of families of low income and for the reconstruction of slum areas, and whereas no existing laws or charters of the state of Michigan provide for the organization and operation of public housing commissions as contemplated in the National Industrial Recovery Act which would enable Michigan cities and villages to secure grants and loans from the United States government for the purpose of providing housing for families of low income, and whereas such laws are in existence in other states, which will enable such states to obtain a grant and borrow money from the United States government, and whereas such funds secured from the United States government by public housing commissions will make possible the beginning immediately of building projects which will furnish employment of Michigan citizens. Therefore, this act is hereby declared to be immediately necessary for the preservation of the public peace, health, safety, convenience and welfare of the people of the state of Michigan.
